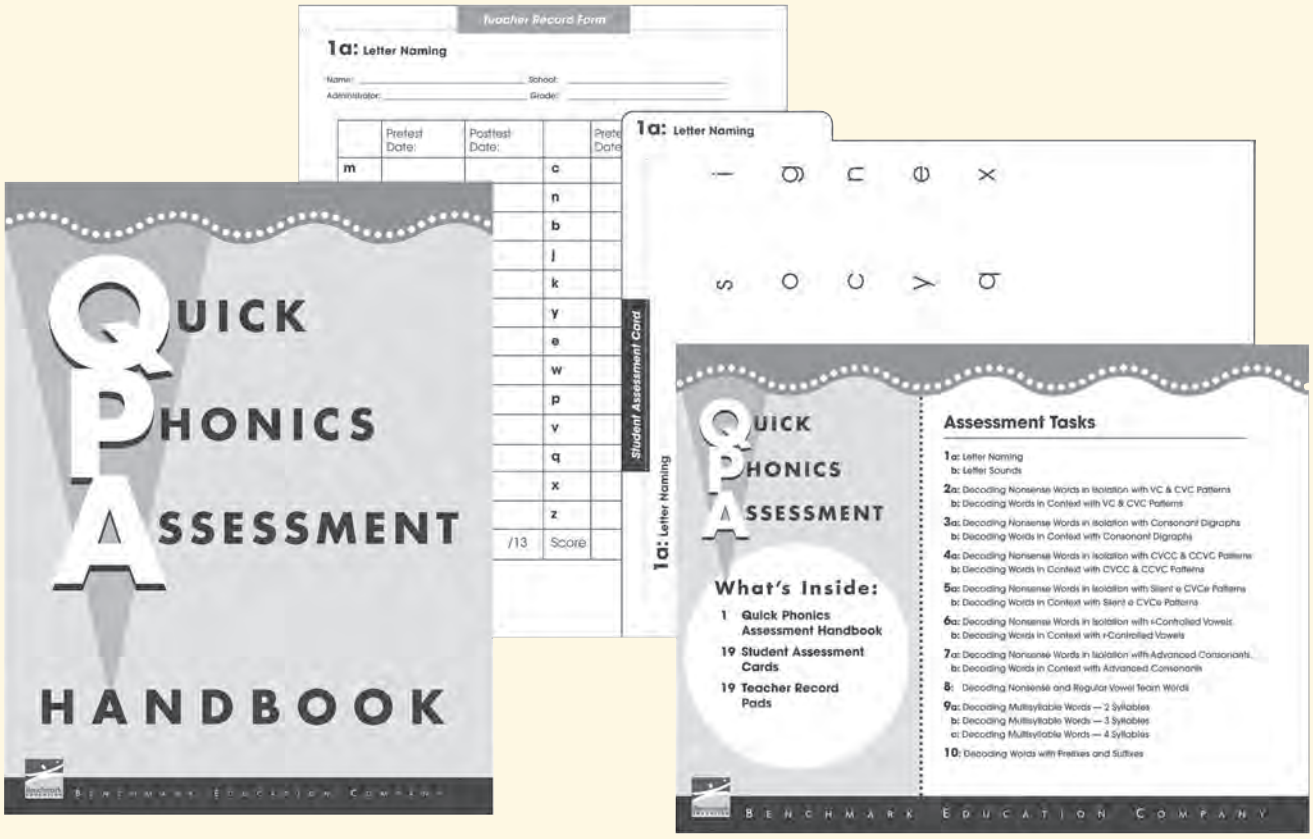
The *Quick Phonics Assessment* kit allows for the evaluation of a full range of developmental skills on the phonics continuum.



The *Quick Phonics Assessment* kit features:

ASSESSMENT HANDBOOK

This handbook provides step-by-step instructions for administering and scoring tasks, student copies of the tasks, and Teacher Record Forms. The handbook also offers helpful hints for analyzing results and information about how to use the assessment data to guide phonics instruction. It includes a Summary of Results form, which enables teachers to report progress to students, parents, and administrators, and an Implementation Chart, which allows teachers to select materials and instructional techniques that match each students' current level of phonics development.

STUDENT ASSESSMENT CARDS

Easy-to-use write-on/wipe-off cards help teachers evaluate students' strengths and weaknesses in phonics acquisition.

TEACHER RECORD FORMS

These tear-off pads allow teachers to monitor each student's progress in phonics skill development.
