Develop Language in Context

Meet language development standards through content and literacy connections

- Develops academic language in context of use
- Integrates listening, speaking, reading, and writing
- Engages students in complex thinking, reading, and comprehension of complex texts

Building Context

Resources that build content knowledge and create a context for diving deep into language instruction.

Complex Text

- Establishes context for language development using text at grade-level
- Provided in consumable, write-in format
- Includes Big Books at grades K and 1

Mini-Lessons for Building Context

- Short, focused routine-based lessons
- Addresses reading, vocabulary, writing
- Includes instructional planner

Unit Opener Videos

- Provides information about unit topic and sparks conversation
- Connects to an essential question and uses academic language
- Features closed captioning to reinforce word recognition

Developing Language

Resources that dive deep into language instruction, building academic vocabulary, engaging in purposeful collaborative conversation, learning language syntax and structures, writing, and scaffolding to complex text.

Texts for English Language Development

- Amplifies language with visual support
- Scaffolds to grade-level complex text
- Supports comprehension, vocabulary development, and text analysis

Teacher's Resource System

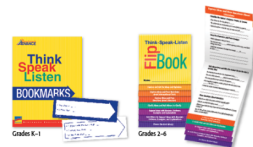

- Includes explicit lessons in how language works
- Provides sustained and consistent practice at three differentiated intensity levels

Assessment

- Provides tools to monitor, evaluate, and document students' growth in language proficiency
- Ongoing formative assessment to guide instructional decisions

Collaborative Conversation Tools

- Promotes meaningful oral language production opportunities
- Provides structure for academic conversations in Think, Speak, Listen bookmarks and flipbooks
- Includes Collaborative Conversation Blueprints

Advancing Foundational Skills

- Provides accelerated lessons to support students in grades 3-6 who need explicit foundational skills instruction
- Supports print concepts, phonological awareness, phonics, and fluency

Opportunities for Extending Meaning and Application

Additional resources are available to support language instruction in your classroom.
